

**INTER-DEPARTMENTAL POSTGRADUATE  
PROGRAMME  
BIOMEDICAL ENGINEERING (BME)**

**ANNOUNCEMENT**

By decision of the Special Interdepartmental Committee, session 4 / 20-1-2021, we send you the exam schedule for the fall semester 2021-22.

<b>Monday 7/2/2022:</b>	No 1. Systems biology
<b>Thursday 10/2/2022:</b>	No 3. Mechanical properties of biomaterials
<b>Monday 14/2/2022:</b>	No 2. Physiological and anatomical modeling
<b>Wednesday 16/2/2022:</b>	No 5. Health technology design and clinical engineering
<b>Thursday 17/2/2022:</b>	No 6. Seminar series on topics in biomedical engineering
<b>Tuesday 24/2/2022:</b>	No 4. Biomedical data acquisition and signal processing (project presentation)

In addition, we inform you that you must send by email to the BME Secretariat ([bme@auth.gr](mailto:bme@auth.gr)) by **11/2/2021** the declaration of the **four elective courses** you have decided to include in your study program for the spring semester 2021-22. Please, be noted that you must submit your selection of the four elective courses regardless of your possible intention to submit proposal for MSc by Research. Be also aware that in the case a course does not reach the minimum number of four participants, it will not be offered and those selected it will be asked to choose another course.
